

Legacy – History – Know-How

Fire Protection Contractor magazine has been
Serving the Fire Sprinkler Industry since 1978!

We are focused on helping fire sprinkler contractors and the fire sprinkler industry! That's why we at *FPC* magazine know exactly the type of news and information you need to run a successful business in the competitive fire sprinkler industry.

FPC magazine covers over 70 topics on, and relating to, the fire sprinkler industry including: Installation Reports; Engineering/Design; New Products; Association News; Codes; Legislation; Licensing; Backflow; Pumps; Sprinkler Literature; People News; Insurance; Retrofit; Inspection, Testing, & Maintenance; Tanks; Freeze Protection; Calendar/Seminars; Special Hazards; Software & Technology; Training; AHJ Issues... and much more!

We want to secure your legacy in the fire sprinkler industry in the pages of *FPC* and across the universe on the internet. Tell us your story so we can tell the world.

We want to help everyone in the fire sprinkler industry and we want to help make the fire sprinkler industry even better.

To do this, we need your help! Please subscribe today!

Let us help you get more out of your business by sharing reliable information, important news, and **real experience, wisdom, and know-how** from fire sprinkler contractors and industry experts from across the nation and throughout the world.
